

Consumer Advocacy Program Pledge Form

Since 1997 the MBNA Consumer Advocacy Movement has been helping protect consumers and our members from unscrupulous practices by some in the deathcare industry.

The success of the Consumer Advocacy Movement has been due to your previous contributions. Your financial support has provided our members direct access to our Consumer Advocate, Carolyn Jacobi. Our Advocate has assisted countless members and consumers in resolving issues related to setting monuments in cemeteries, and ensuring monument builders a level playing field in the marketplace. She has testified at numerous state and federal hearings on deathcare issues when legislation or regulation would impose an unfair impact on consumers and monument builders, and her influence has been strongly felt.

It is time for the next step. MBNA has subscribed to a nationwide monitoring program which automatically notifies us of any pending legislation that could impact the area of deathcare for consumers and MBNA members. This is a terrific proactive tool that allows us time to address these proposed laws before it is too late! You can keep informed by reading Ms. Jacobi's monthly article in *MBNews*.

And now we need your help. We need your pledge today. Your pledge will ensure the continuation of MBNA's Consumer Advocacy Movement, including Carolyn Jacobi and the Legislative Monitoring Program.
